I may have upset Anne Hayton on Friday - I think I mentioned non-chemical impacts to many time during my talk - she had to make sure that I acknowledged that CERCLA risk is based on chemical risks - which I did by saying that she was "absolutely correct....."

Thanks, Rob -- I appreciate it!

Stephanie:
I have called Allan , emailed and texted to his cell phone - the information about meeting the boat.....

Rob

Please call Allan with the logistics.

Thank you

=====

Stephanie, I still have not received the logistics for the boat trip. I will not be in the office tomorrow and will not be able to check my E-mail until tomorrow night. At this point, it may be too late for me to try to meet up with the rest of the group. Thank you.

Allan Motter
